

Complete Machine Shop Facilities

From one piece to ten thousand pieces, Ohio Valley Gasket's machine shop can do the job. Ohio Valley Gasket, Inc. has the equipment to do manual work, or if the situation demands, the equipment to do high volume runs. The best part, we can machine your part from metal, plastic, or even rubber. No matter what material you need, the machinist at Ohio Valley Gasket can provide high quality parts to your exact specifications and be very responsive to your delivery requirements.
